EMPOWERING YOU
TO REACH HIGHER

Student Profile

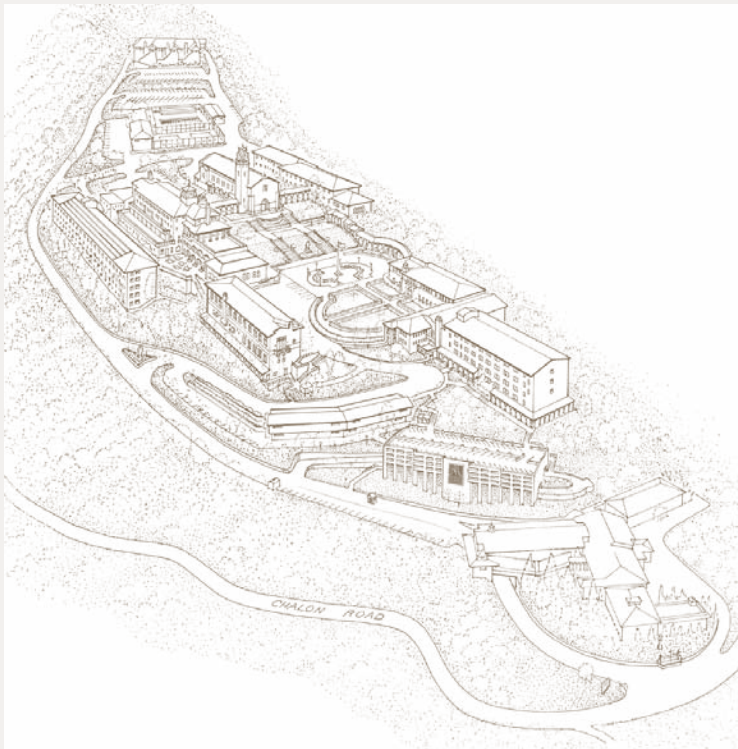

Are your students looking for an education that will shape the rest of their lives? One that excites the mind and enriches the spirit? For more than 85 years, Mount St. Mary's has been dedicated to excellence in teaching the arts, the health sciences, humanities and social service. We provide a unique setting where young women are able to establish the foundation that will nourish their education, skills and values. We also encourage them to let their imagination and creativity soar. At the Mount, students explore ideas and discover life as well as career options that they never knew existed. We'll prepare our graduates to lead a meaningful professional, personal and community life.

We're a Catholic college. What does that mean? It means we welcome and educate women of all faiths. There are no requirements for attending Mass or taking specific religion classes. However, we do encourage our students to understand that how they live is a reflection of their own values, and the Mount gives them an opportunity to explore and define those values. Compassion, service to others and respect for themselves are at the heart of who we are and who we hope they will become.

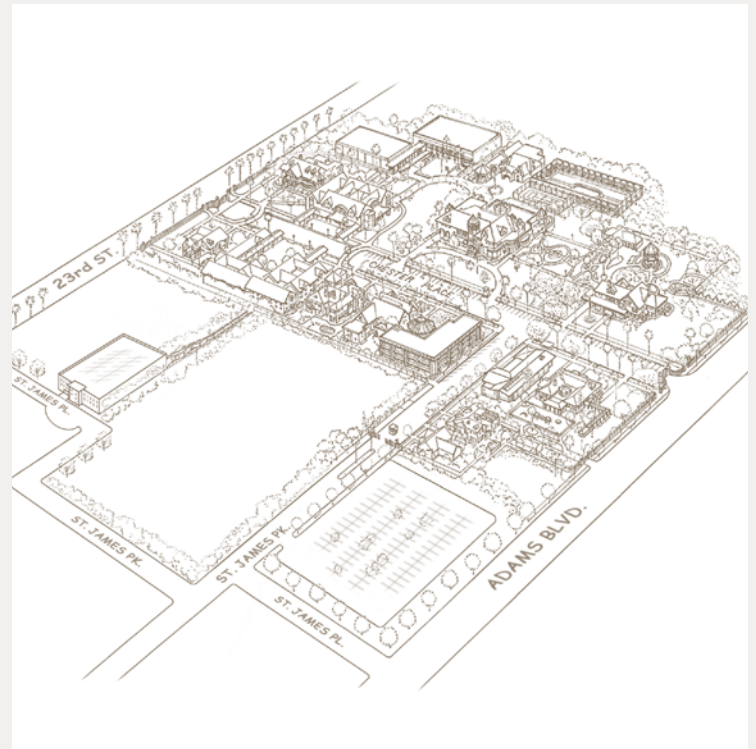

Here's one other thing you should know: we take education—your students' education—very seriously at the Mount. But trust us, and our 10,000 alumnae, there's plenty of fun along the way.
